SHENITH CHANIDU

UNDERGRADUATE | AI/ML ENGINEER

Samagimawatha Beralapanathara, Matara

shenith222@gmail.com

+94 705151000

ABOUT

Throughout my academic journey, I have gained in-depth knowledge and hands-on experience in Artificial Intelligence and Machine Learning, equipping me with the technical expertise to architect intelligent systems and data-driven solutions. I am eager to apply my skills in Computer Vision and Deep Learning to real world projects and contribute to high impact, innovative technology. I am seeking opportunities to apply my technical expertise in a dynamic environment where I can contribute effectively and grow as an AI/ML Engineer.

EDUCATION

Bachelor of Information Communication Technology BICT(Hons) — **Expected Graduation 2027**

Rajarata University of Sri Lanka

- Current GPA - 3.31
- Relevant coursework - Data Structures and Algorithms, Object-Oriented Programming, Database Systems, Web Development, Machine Learning, Design Patterns, Agile Practices

CERTIFICATIONS

Career Essentials in Data Analysis — **Mar 2026**

Microsoft and LinkedIn

Deep Learning and Generative AI: Data Prep, Analysis, and Visualization with Python — **Feb 2026**

LinkedIn

What Is Generative AI — **Feb 2026**

LinkedIn

Introduction to DevOps Tools — **Jan 2026**

Simplilearn

Full-Stack Web Development — **2025-Pending**

Find X (Pvt) Ltd

Web Design for Beginners | Front-End Web Development — **Jul 2023**

University of Moratuwa

Python for Beginners | Python Programming — **Jun 2023**

University of Moratuwa

AI/ML Engineer - Stage 1 | AI/ML Engineer - Stage 2 — **Jun 2023**

SLIIT

RESEARCH

Performance Enhancement of Sinhala Sign Language Detection Systems using Image Enhancement Techniques. — **Dec 2025 - Present**

Rajarata University of Sri Lanka

- Investigating computer vision to improve Sinhala Sign Language (SSL) detection accuracy, aiming to bridge communication barriers for the hearing-impaired community.

PROJECTS

Brain Tumor Detection System using CNN & Transfer Learning | Repository Link — **Jan 2026**

- Built a deep learning image classification model using MobileNetV2, TensorFlow, and Keras to detect brain tumors from MRI images.
- Developed a full-stack web application using React and Flask REST API for real-time tumor prediction and visualization.

E-Commerce Platform | Repository Link **Dec 2025**

- Developed a full-stack e-commerce platform using Laravel, Bootstrap, CSS, and MySQL, integrating PayHere payment gateway and an admin dashboard for product and order management.

AI-Based Mango Disease Detection System | Repository Link **Sep 2025**

- Developed a CNN-based computer vision model using TensorFlow/Keras to detect mango fruit diseases from images with automated classification.
- Built a full-stack web application using React and Flask, integrating an AI chatbot to provide disease diagnosis and treatment recommendations.

IoT-Based Gas Leakage Detection System **May 2025**

- Developed an IoT-based gas leakage detection system using MQ-2 sensor, HX711 load cell, and Blynk, enabling real-time gas leak detection, cylinder weight monitoring, and instant mobile/email safety alerts.

Freelancer Job Posting & Finding Platform | Repository Link **Dec 2024**

- Developed a job marketplace web platform using PHP and MySQL enabling clients to post jobs and freelancers to find opportunities.

SKILLS

TECHNICAL SKILLS

- Programming: Java, Python, PHP, SQL
- Machine Learning: Supervised Learning, Unsupervised Learning, Model Training
- Deep Learning: Neural Networks, CNN, Image Classification
- Generative AI: LLMs, RAG
- Libraries: NumPy, Pandas, Scikit-learn, TensorFlow, OpenCV
- Tools: Git, GitHub, Kaggle, Docker, AWS
- Deployment: Flask, REST APIs
- Frontend: React.js, Bootstrap, HTML, CSS

SOFT SKILLS

- Problem-Solving
- Adaptability
- Time Management

VOLUNTEER EXPERIENCE

Project Lead **2024 - Present**
ROST Rajarata - Robotic Society of Technology

Project Lead **2024 - Present**
ATIT Rajarata - Association of Technology IT

Member **2023 - Present**
ATIT Rajarata - Association of Technology IT
